Action I	tem	8
----------	-----	---

PUBLIC SERVICE COMMISSION OF SOUTH CAROLINA COMMISSION DIRECTIVE

ADMINISTRATIVE MATTER		DATE	November 18, 2020
MOTOR CARRIER MATTER		DOCKET NO.	2015-163-E
UTILITIES MATTER	✓	ORDER NO.	

SUBJECT:

<u>DOCKET NO. 2015-163-E</u> - <u>Application of Duke Energy Progress, LLC to Establish a New Cost Recovery and Incentive Mechanism for Demand-Side Management and Energy Efficiency Programs</u> - Staff Presents for Commission Consideration Duke Energy Progress, LLC's Request for Approval of Modifications to the Small Business Energy Saver Program.

COMMISSION ACTION:

----- B I

I move that the Commission grant the Application of Duke Energy Progress to modify its Small Business Energy Saver Program by adding the SmartPath™ option which will extend the Small Business Energy Saver Program availability to all existing non-residential customer accounts, including those accounts exceeding the current average annual demand limitation of 180 kilowatts.

The purpose of Duke Energy Progress's Small Business Energy Saver Program is to reduce energy usage through the direct installation of energy efficiency measures in a non-residential segment of the market that does not take advantage of the Company's other non-residential energy efficiency programs. Duke maintains the expansion will significantly increase participation in the program and support the program's cost-effectiveness. The Office of Regulatory Staff has stated that it has no objection to the requested modifications by the Duke Energy Progress to expand and rename its Small Business Energy Program.

Additionally, since the Program is being made available to businesses that exceed the current average annual demand limitation of 180 kW, I also move that the Commission grant the request of Duke to rename its "Small Business Energy Saver Program" to the "Business Energy Saver Program."
